

America's First Freedom City Powered by AI, Healthcare Innovation, Energy Independence — and U.S.-Made Microchips
Proposed by Lydie Livolsi, Founder & CEO of MYDENTALWIG

"Someone must compete." – President Donald J. Trump
In response to NVIDIA's market dominance at a White House meeting

---

🌟 VISION

To launch the first Freedom City rooted in **AI-powered healthcare**, **American chip manufacturing**, **energy independence**, and **women-led entrepreneurship** — a self-sustaining economic engine built on innovation, not dependency.

🏙️ WHAT IS SAINTE LYDIE CITY?

- Anchored by **MYDENTALWIG**, a revolutionary U.S.-based healthtech company restoring smiles with **AI-driven dental wigs** — no surgery, no imports
- Designed as an **AI and microchip innovation hub**, targeting the development of advanced **1.6nm chips** for next-gen healthcare devices

- A **vertically integrated city** with in-house production, AI labs, energy supply, job training, and housing — all Made in America

---

⚙️ FOUNDATIONAL PILLARS

- **AI + Custom Health**: MYDENTALWIG uses AI to transform dental care, slashing costs and expanding access to millions
- **Next-Gen Chips**: Plans to manufacture **1.6nm chips** for proprietary healthcare devices — creating U.S. competition in a space now dominated by one player
- **Energy Independence**: Powered by American energy sources — solar, natural gas — with capacity to become a **regional supplier**
- **Patriotic Manufacturing**: Every unit produced in the U.S., creating skilled jobs in tech, robotics, wellness, and AI infrastructure
- **LYDIE TOWER**: the world's leading tourist destination
- **Women in Command**: A woman-led company training and employing women across all sectors — from software to machinery

---

WHY IT MATTERS

President Trump's "Freedom Cities" vision is bold. Sainte Lydie City brings it to life — combining healthcare innovation, AI, chip production, housing, tourism, education, and energy infrastructure into a real, working model of American self-reliance and greatness.

Instead of waiting for competition to rise — **we're building it now.**

📍 NEXT STEPS

We are opening our Regulation D offering to scale MYDENTALWIG and lay the foundation for Sainte Lydie City. We welcome equity investment, strategic partnership, and your direct guidance as we build this American-first model of competitive excellence.
